

# CanIMPACT: Canadian Team to Improve Community-Based Cancer Care along the Continuum

**Presenter: Dr. Mary Ann O'Brien**

Principal Investigator: Dr. Eva Grunfeld

Funded by the Canadian Institutes of Health Research

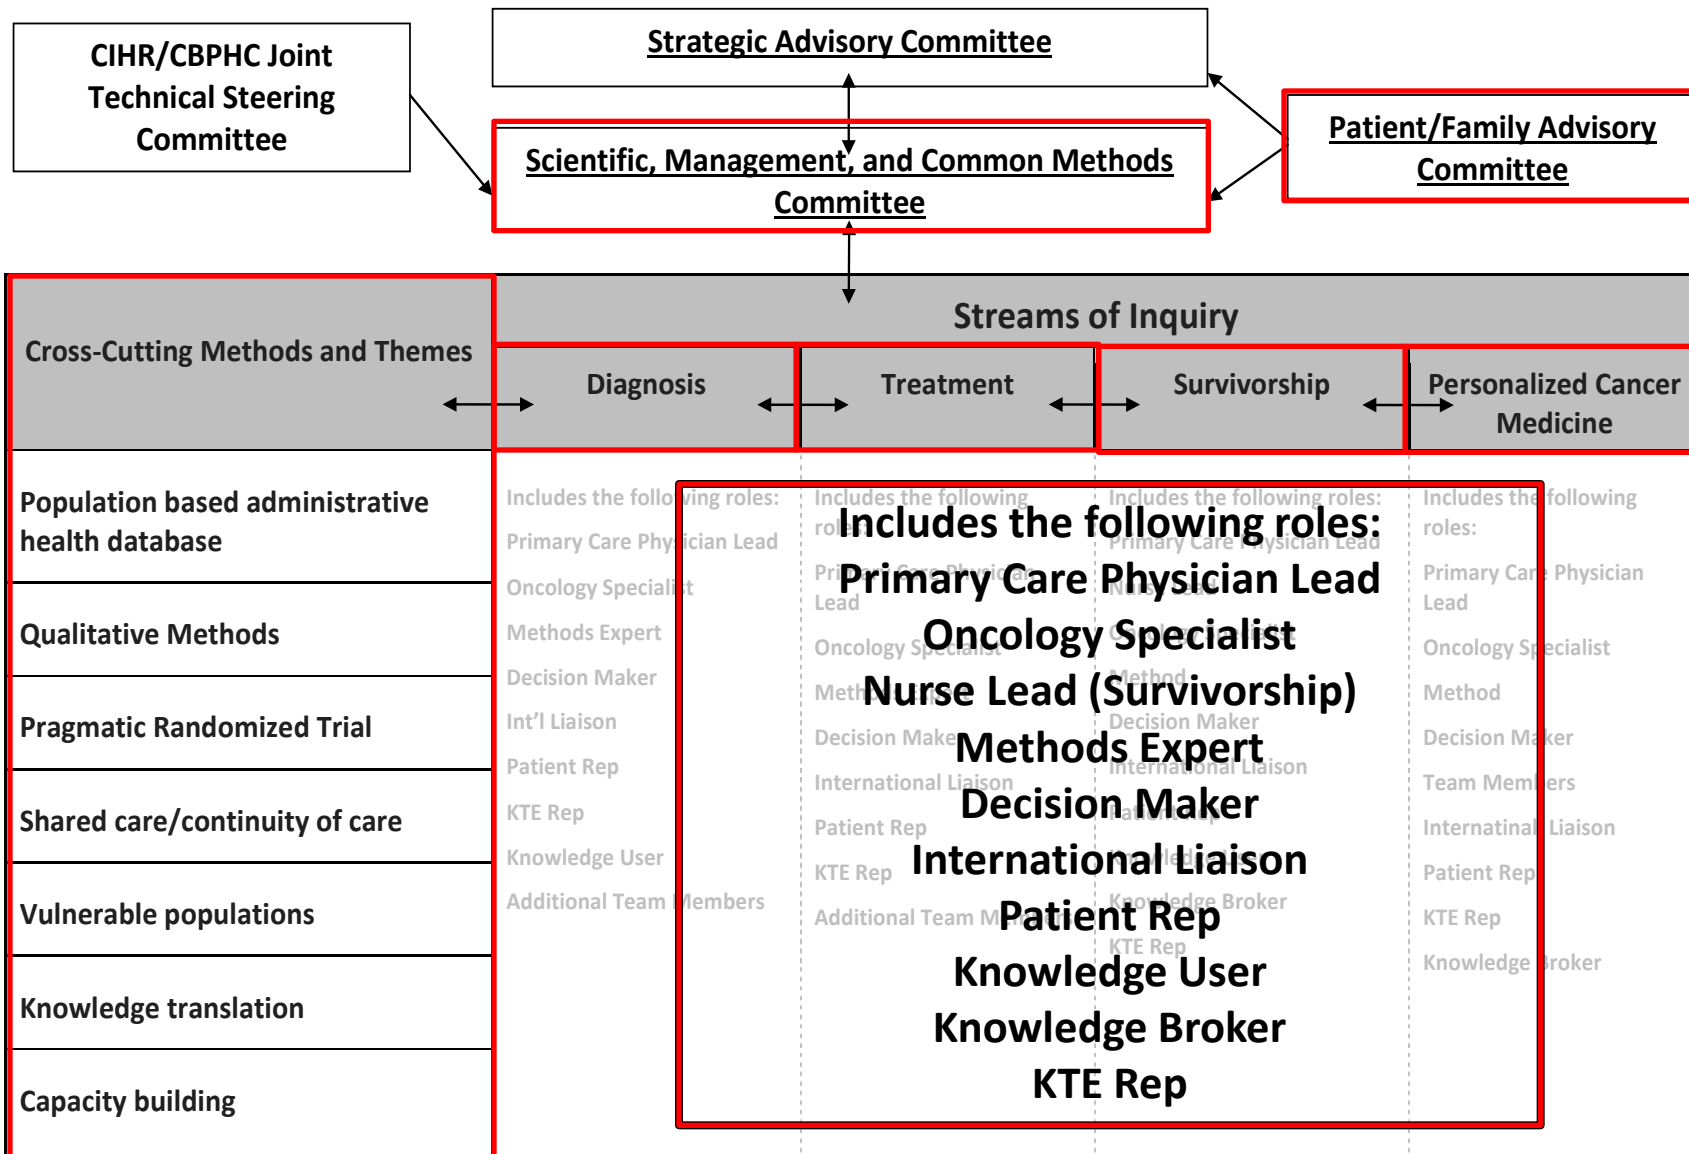

Funding period: April 2013 to April 2018

# Research Goals

The overall goals of CanIMPACT are to:

1. Elucidate gaps in care
2. Develop and test strategies to enhance the capacity of primary care provider (PCP)s to provide care to individuals with cancer
3. Improve integration and coordination of care along the cancer care continuum

# CanIMPACT Organizational Structure

# Overview of Timelines and Deliverables
